

US-91 RENEWED

1000 North to 900 South in Smithfield

1600 NORTH TO CLOSE AT MAIN STREET FOR RECONSTRUCTION

As part of the Utah Department of Transportation's resurfacing of US-91 (Main Street), construction crews will reconstruct the intersection of Main Street and 1600 North.

Anticipated Traffic Delays

Crews are scheduled to close the west side of 1600 North Tuesday night at 9 p.m. through Wednesday. Crews will close the east side of 1600 North beginning at 9 p.m. Wednesday through 7 a.m. Friday. Motorists can use 1800 North and 1400 North as alternate routes.

Construction crews will continue to reduce Main Street to one lane in each direction from 9 p.m. to 7 a.m. Sunday through Thursday. Motorists should anticipate narrowed travel lanes and moderate travel delays.

Please slow down when driving through the construction zone and watch for crews working nearby.

For more information about this project, contact the project representative at **877-495-4240**, or email at us91logan@utah.gov. Work schedules are subject to change.
