June 23, 2021

Open Burning Restrictions

Due to current and forecasted weather conditions coupled with the record dry vegetation conditions and extreme fire danger. It has been determined that measures must be taken to prevent the ignition of grass, brush fires or structure fires. Therefore, pursuant to the State of Utah adopted International Fire Code Chapter 3, Section 307.1.1 Prohibited Open Burning. Open burning is prohibited within Smithfield City limits including all city owned parks and properties.

Contact Smithfield Fire Department for questions or concerns.
