<tbody>
<tr>
<td><strong>Buckeye, Red</strong>&lt;br&gt;<em>Aesculus pavia</em></td>
<td>May experience leaf scorch in hot, dry conditions. Grows best in partial shade. Fruits can grow up to 2 inches across.</td>
<td>Dark green palmate leaves, 5 to 7 leaflets.</td>
<td>20h x 15w</td>
<td>Medium</td>
<td>Rounded</td>
<td>Zone: 4-8&lt;br&gt;Alkaline: Med&lt;br&gt;Salt: Med&lt;br&gt;Drought: Med</td>
</tr>
<tr>
<td><strong>Cherry, European or Bird</strong>&lt;br&gt;<em>Prunus padus</em></td>
<td>Prefers full sun and moist, well drained soils. White fragrant flowers bloom in mid to late spring. Produces small black fruits.</td>
<td>Green, turn yellow to bronze in fall.</td>
<td>25h x 30w</td>
<td>Medium</td>
<td>Rounded</td>
<td>Zone: 4-7&lt;br&gt;Alkaline: Med&lt;br&gt;Salt: Low&lt;br&gt;Drought: Med</td>
</tr>
<tr>
<td><strong>Cherry, Higan</strong>&lt;br&gt;<em>Prunus subhirtella</em></td>
<td>Light pink flowers bloom in early spring. Can be found in weeping varieties. Longer lived than some other ornamental cherries.</td>
<td>Green, turn yellowish in fall.</td>
<td>25h x 30w</td>
<td>Medium</td>
<td>Rounded</td>
<td>Zone: 4-9&lt;br&gt;Alkaline: Med&lt;br&gt;Salt: Low&lt;br&gt;Drought: Med</td>
</tr>
<tr>
<td><strong>Cherry, Sargent</strong>&lt;br&gt;<em>Prunus sargentii</em></td>
<td>Pink flowers bloom in mid spring. Requires little maintenance once established. Dark reddish brown bark provides winter interest.</td>
<td>Dark green, turn bronze-red in fall.</td>
<td>25h x 20w</td>
<td>Medium</td>
<td>Rounded</td>
<td>Zone: 4-7&lt;br&gt;Alkaline: Med&lt;br&gt;Salt: Med&lt;br&gt;Drought: Med</td>
</tr>
<tr>
<td><strong>Chokecherry</strong>&lt;br&gt;<em>Prunus virginiana</em></td>
<td>Fruit is red-black and rounded. Often grows as a small multi stemmed tree. Can attract some pests and diseases.</td>
<td>Oval green with serrated margin.</td>
<td>25h x 25w</td>
<td>Medium</td>
<td>Rounded</td>
<td>Zone: 2-6&lt;br&gt;Alkaline: High&lt;br&gt;Salt: Med&lt;br&gt;Drought: Med</td>
</tr>
<tr>
<td><strong>Chokecherry, Amur</strong>&lt;br&gt;<em>Prunus maackii</em></td>
<td>White fragrant flowers bloom in mid spring. Generally resistant to pests and diseases. Small purple fruit are edible, though bitter.</td>
<td>Green, no fall color of note.</td>
<td>30h x 20w</td>
<td>Medium</td>
<td>Rounded</td>
<td>Zone: 3-6&lt;br&gt;Alkaline: High&lt;br&gt;Salt: Med&lt;br&gt;Drought: Med</td>

### Fir, White
*Abies concolor*

**Notes:** Needles produce citrus scent when crushed. Young trees have conical form that develops into a more rounded top with age.

**Leaves:** Evergreen needles are silvery blue in color with a white cast.

**Size:** 30h x 20w  
**Growth Rate:** Slow  
**Shape:** Pyramidal  
**Zone:** 3-7  
**Tolerance**  
- Alkaline: Med  
- Salt: Med  
- Drought: Med

### Fringe Tree
*Chionanthus virginicus*

**Notes:** Can be grown close to buildings. Flowers are white and fringe-like, blooming in early spring. Grow well in full sun and part shade.

**Leaves:** Green, ovate, turn yellow to brown in fall.

**Size:** 15h x 15w  
**Growth Rate:** Slow  
**Shape:** Rounded  
**Zone:** 3-9  
**Tolerance**  
- Alkaline: Med  
- Salt: Med  
- Drought: Med

### Ginkgo
*Ginkgo biloba*

**Notes:** Plant males to avoid smelly fruit. Leaves turn bright yellow during fall. Many extracts are made using the leaves.

**Leaves:** Simple, fan-shaped, bright-yellow in fall.

**Size:** 30h x 25w  
**Growth Rate:** Slow  
**Shape:** Rounded  
**Zone:** 3-9  
**Tolerance**  
- Alkaline: High  
- Salt: High  
- Drought: High

### Golden Raintree
*Koelreuteria paniculata*

**Notes:** Gets it name from its sprays of yellow flowers in the spring, followed by yellowish pink fruits resembling paper lanterns.

**Leaves:** Rich green, pinnate, little fall color.

**Size:** 30h x 30w  
**Growth Rate:** Medium  
**Shape:** Rounded  
**Zone:** 5-9  
**Tolerance**  
- Alkaline: High  
- Salt: High  
- Drought: High

### Hawthorn, Cockspur
*Crataegus crusgalli*

**Notes:** Branches have thorns though there are thornless varieties available. Fruit persists through late fall and into winter.

**Leaves:** Smooth, glossy, dark green, red/yellow in fall.

**Size:** 25h x 25w  
**Growth Rate:** Fast  
**Shape:** Rounded  
**Zone:** 3-8  
**Tolerance**  
- Alkaline: High  
- Salt: Med  
- Drought: High

### Hawthorn, English
*Crataegus laevigata*

**Notes:** Prone to leaf spot. White flowers produce deep red fruits. Requires full sun and prefers moist, well drained soils.

**Leaves:** Dark green, ovate, yellow/orange to brown fall color.

**Size:** 20h x 20w  
**Growth Rate:** Medium  
**Shape:** Rounded  
**Zone:** 4-8  
**Tolerance**  
- Alkaline: High  
- Salt: Med  
- Drought: Med
# Wide Parking Strip Trees

**Hawthorn, Green**  
*Crataegus viridis*

- **Notes:** Fruit persistent through winter. More disease resistant than other varieties. Hardy and adaptable tree.
- **Leaves:** Dark green, ovate, purple to red fall color.
- **Size:** 20h x 20w
- **Growth Rate:** Medium
- **Shape:** Rounded
- **Zone:** 4-8
- **Tolerance**
  - Alkaline: High
  - Salt: Med
  - Drought: High

**Hawthorn, Washington**  
*Crataegus phaenopyrum*

- **Notes:** Fruit persistent through winter. White flowers bloom in late spring. Similar to other types of hawthorns.
- **Leaves:** Glossy, green, maple-like, bright orange in fall.
- **Size:** 30h x 25w
- **Growth Rate:** Medium
- **Shape:** Rounded
- **Zone:** 3-8
- **Tolerance**
  - Alkaline: High
  - Salt: Med
  - Drought: High

**Hazlenut, American**  
*Corylus americana*

- **Notes:** Nut fruits are edible. Thrives in a wide variety of conditions. Often grown as a large multi-stemmed shrub. Great for privacy screening.
- **Leaves:** Dark green, large, elliptic, no fall color.
- **Size:** 18h x 12w
- **Growth Rate:** Medium
- **Shape:** Rounded
- **Zone:** 4-9
- **Tolerance**
  - Alkaline: High
  - Salt: Low
  - Drought: Med

**Hornbeam, American**  
*Carpinus caroliniana*

- **Notes:** Quite pest and disease resistant. Prefers partial shade and moist to wet soils. Dense crown and seeds can attract song birds.
- **Leaves:** Dark green leaves, toothed edges, yellow to red fall color.
- **Size:** 25h x 20w
- **Growth Rate:** Medium
- **Shape:** Rounded
- **Zone:** 3-9
- **Tolerance**
  - Alkaline: Med
  - Salt: Low
  - Drought: Med

**Juniper, Rocky Mountain**  
*Juniperus scopulorum*

- **Notes:** Berry-like blue fruit. Dense, shrub like growing pattern makes the tree great for shaping into large hedges.
- **Leaves:** Scale-like, evergreen needles, blue-green color.
- **Size:** 25h x 20w
- **Growth Rate:** Medium
- **Shape:** Pyramidal
- **Zone:** 3-7
- **Tolerance**
  - Alkaline: High
  - Salt: High
  - Drought: High

**Juniper, Utah**  
*Juniperus osteosperma*

- **Notes:** Berry-like blue fruit. Can attract parasitic mistletoe. Often grows in a more shrub like form.
- **Leaves:** Scale-like, evergreen needles, blue-green color.
- **Size:** 25h x 20w
- **Growth Rate:** Medium
- **Shape:** Pyramidal
- **Zone:** 3-7
- **Tolerance**
  - Alkaline: High
  - Salt: High
  - Drought: High
Wide Parking Strip Trees

Lilac, Japanese Tree
*Syringa reticulata*

Notes: Can be susceptible to blights, borers, powdery mildew, and wilts. Large groups of small white blooms appear in late spring.

Leaves: Large, green, no fall color.

Size: 25h x 15w
Shape: Rounded
Growth Rate: Medium
Zone: 3-8

Tolerance:
Alkaline: High
Salt: High
Drought: Med

Maackia, Amur
*Maackia amurensis*

Notes: Member of the Pea family. Fragrant white flowers bloom throughout June. Olive-green bark provides winter interest.

Leaves: Pinnately compound, green, no fall color.

Size: 30h x 25w
Shape: Rounded
Growth Rate: Slow
Zone: 4-8

Tolerance:
Alkaline: High
Salt: Med
Drought: Med

Maple, Bigtooth
*Acer grandidentatum*

Notes: Often grown as a large shrub due to the trees having a short trunk with dense, spreading branches. Susceptible to leaf scorch.

Leaves: Green, 3-5 blunt lobes, bright orange to red fall color.

Size: 25h x 20w
Shape: Irregular
Growth Rate: Medium
Zone: 3-8

Tolerance:
Alkaline: High
Salt: Med
Drought: High

Maple, Purpleblow
*Acer truncatum*

Notes: Not known to act as the host for most pests. Many stems can give them a dense shrubby appearance.

Leaves: Purplish color in spring and turn to a darker green soon after.

Size: 20h x 20w
Shape: Rounded
Growth Rate: Medium
Zone: 4-8

Tolerance:
Alkaline: Med
Salt: Med
Drought: Med

Maple, Rocky Mountain
*Acer glabrum*

Notes: Often develops multiple leaders and can sometimes grow into a more shrub like shape. Multi-stemmed shrub.

Leaves: Three-lobed green, yellow fall color.

Size: 20h x 15w
Shape: Rounded
Growth Rate: Medium
Zone: 4-7

Tolerance:
Alkaline: Med
Salt: Med
Drought: Med

Maple, Tatarian
*Acer tataricum*

Notes: Also called the Hot Wings Maple. Bright red pairs of samaras cover the tree in late spring after blooming.

Leaves: Toothy, bright-green, yellow to red/brown fall color.

Size: 15h x 20w
Shape: Irregular
Growth Rate: Medium
Zone: 3-8

Tolerance:
Alkaline: High
Salt: Med
Drought: High
# Wide Parking Strip Trees

## Maple, Trident
*Acer buergerianum*

**Notes:** One of the hardier Maples, making it good for lawns, park strips, or patios. Can handle some shade but prefers full sun.

**Leaves:** Glossy green, pale beneath, orange and red fall color.

<table>
<thead>
<tr>
<th>Size: 25h x 15w</th>
<th>Growth Rate: Slow</th>
<th>Zone: 5-9</th>
</tr>
</thead>
<tbody>
<tr>
<td>Shape: Rounded</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

**Tolerance**

- Alkaline: Med
- Salt: Med
- Drought: High

## Mountain Mahogany
*Cercocarpus montanus*

**Notes:** Has small flowers with no petals. Typically doesn’t require supplemental nitrogen fertilizers. Smaller than the Curlleaf variety.

**Leaves:** Broad, evergreen leaves, with serrated edges.

<table>
<thead>
<tr>
<th>Size: 20h x 15w</th>
<th>Growth Rate: Medium</th>
<th>Zone: 3-8</th>
</tr>
</thead>
<tbody>
<tr>
<td>Shape: Irregular</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

**Tolerance**

- Alkaline: High
- Salt: Med
- Drought: High

## Mountain Mahogany, curlleaf
*Cercocarpus ledifolius*

**Notes:** Has small flowers with no petals. Flowers in late spring to early summer. Great for water efficient landscapes.

**Leaves:** Long, evergreen leaves, edges are rolled under, leathery.

<table>
<thead>
<tr>
<th>Size: 20h x 30w</th>
<th>Growth Rate: Medium</th>
<th>Zone: 3-8</th>
</tr>
</thead>
<tbody>
<tr>
<td>Shape: Irregular</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

**Tolerance**

- Alkaline: High
- Salt: Med
- Drought: High

## Oak, Dwarf Chinkapin
*Quercus prinoides*

**Notes:** Begins producing acorns when only 3 to 4 years old. Works better than other oaks in smaller landscapes. Adaptable to many soil types.

**Leaves:** Green, triangularly lobed, yellow to orangish fall color.

<table>
<thead>
<tr>
<th>Size: 15h x 15w</th>
<th>Growth Rate: Medium</th>
<th>Zone: 5-9</th>
</tr>
</thead>
<tbody>
<tr>
<td>Shape: Spreading</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

**Tolerance**

- Alkaline: Med
- Salt: Med
- Drought: High

## Oak, Gambel
*Quercus gambelli*

**Notes:** Can be used for screening. Great for landscapes due to low water requirements and few pest problems. Requires full sun.

**Leaves:** Dark green, lobed, orange/red/yellow fall color.

<table>
<thead>
<tr>
<th>Size: 20h x 15w</th>
<th>Growth Rate: Slow</th>
<th>Zone: 4-8</th>
</tr>
</thead>
<tbody>
<tr>
<td>Shape: Rounded</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

**Tolerance**

- Alkaline: High
- Salt: Med
- Drought: High

## Osage-orange
*Maclura pomifera*

**Notes:** Only female trees produce fruit. Fruits are large and softball sized. Also commonly known as the hedge apple.

**Leaves:** Oblong, dark green, yellow fall color.

<table>
<thead>
<tr>
<th>Size: 25h x 25w</th>
<th>Growth Rate: Medium</th>
<th>Zone: 4-9</th>
</tr>
</thead>
<tbody>
<tr>
<td>Shape: Rounded</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

**Tolerance**

- Alkaline: High
- Salt: Med
- Drought: High
# Wide Parking Strip Trees

<table>
<thead>
<tr>
<th>Tree Type</th>
<th>Native to Utah</th>
<th>Showy Flowers</th>
<th>Narrow Parking Strips</th>

# Wide Parking Strip Trees

**Serviceberry**  
*Amelanchier spp.*

**Notes:** Generally deer and disease resistant. Produces small edible berries. Can be grown as a large shrub or small tree.

**Leaves:** Dark green, oval, yellow/orange/red fall color.

**Size:** 20h x 25w  
**Growth Rate:** Slow  
**Shape:** Rounded  
**Zone:** 4-9  
**Tolerance**  
Alkaline: Med  
Salt: Low  
Drought: Med

**Smoketree, American**  
*Cotinus obovatus*

**Notes:** Flower clusters resemble pink puffs of smoke. Adaptable to many adverse soil conditions. Prefers dry to moist, well drained soils.

**Leaves:** Blue-green, oval, yellow/red/orange fall color.

**Size:** 20h x 20w  
**Growth Rate:** Medium  
**Shape:** Rounded  
**Zone:** 4-8  
**Tolerance**  
Alkaline: High  
Salt: Med  
Drought: High

**Sumac, Basketbrush/Skunkbrush**  
*Rhus trilobata*

**Notes:** Clusters of small white flowers, that turn to fuzzy red berries. Grows more compact and branched. Multi-stemmed shrub.

**Leaves:** Small, lobed green leaves that turn yellow-orange in fall.

**Size:** 10h x 10w  
**Growth Rate:** Medium  
**Shape:** Rounded  
**Zone:** 4-8  
**Tolerance**  
Alkaline: Med  
Salt: Med  
Drought: Med

**Sumac, Smooth**  
*Rhus glabra*

**Notes:** Clusters of small yellow flowers, that turn to red berries. Can produce a significant amount of suckers if left unchecked.

**Leaves:** Long green, oval leaves with serrated edges, red in fall.

**Size:** 15h x 15w  
**Growth Rate:** Medium  
**Shape:** Spreading  
**Zone:** 3-9  
**Tolerance**  
Alkaline: Med  
Salt: Med  
Drought: Med
